

Newsletter May 2021

Congratulations to Dennis Marwood who celebrated his 90th birthday in April, a huge stalwart of the section, having actively supported events since the late 70's. Recently he has been locked in, practising assembling a Triumph engine and is looking forward to joining us once again, as we resume our riding activities.

Our fortnightly video meetings continued into May, but we expect to be back at the Cricket Club with the first meeting scheduled for the 27th May continuing on alternate Thursdays as normal. This is assuming there are no hiccups with the lock down release.

It is likely that there will be evening social runs on Wednesdays 30th and weekday ride outs arranged at short notice by Brian Smith to coincide with a fine days. Eric and Denise Londesbrough are intending to organise Eric's Evening Excursion for the 40th time, subject to the relaxing of social distancing restrictions. Best if you come along to the club nights, or check the website to find out what is scheduled.
