

Newsletter February 2021

Sad to report that Roy Adamson died. Both he and Betty were active members for 30 years, participating into his 80's in events in the north, before retiring from riding in 2013. We were also sorry to hear that Connie Richardson had died, wife of Tom who started the Hesket Newmarket Rally, which has given us great pleasure over many years. We send condolences to their family and friends.

Our best wishes to Roy Sturgeon our long serving trials organiser as he recovers from his recent hospitalisation.

To mark the 75th anniversary of the VMCC the editor requires assistance locating the longest serving member: we have Eric Londesbrough joining in 1972, Howard Duddles a founder member of section in 1975, Gerry Beer Dennis Marwood and Roy Sturgeon have been around for some time, whilst Brian Smith riding a BSA joined in search of similar minded people in 1978.
