

Newsletter December 2020

Our AGM scheduled for November was postponed until a suitable date early in the New Year can be found. The closure of the cricket club also caused the cancellation of the Christmas party.

The current restrictions on socialising has led to the cancellation of our traditional presentation extravaganza. We are looking into the possibility of arranging an alternative social function in January.

The proposed roll out of a coronavirus vaccine has raised hopes that we can return to our traditional programme of events sometime in 2021. The Committee are preparing a provisional calendar and we would appreciate any volunteers to organise an event.

Please check on our website for the latest situation with regard to club nights and events.

Stay safe and best wishes for 2021. Let's hope for a better year.
