

Newsletter February 2022

In January, Panther enthusiast, Tom Norman, gave an informative presentation on the Auto Cycle Club's 1907 Six Day Trial when Richard Moore won 'best performance by motorcycle with variable gear' - the mighty Phelon & Moore.

The annual awards evening was well supported with Guest of Honour, long time section member, Dennis Marwood, and outgoing Chairman, a relieved Dave Headon, presenting trophies. Thanks all, especially Brian Smith who worked tirelessly to encourage support, organise the raffle, and compose the topical Committee song "Covid Blues". Despite best efforts we were let down by the hotel's organisation.

In the latter half of a sunny winter's day, we gathered at the funeral of Jim Ruck, honouring him with an escort of vintage motorcycles. We remember his exuberant and entertaining company for over 30 years, through his participation and organisation of unique events. "Best days ever!"

Domino knockout 8th, trial on 20th March.
