

Newsletter April 2021

Our fortnightly video meetings are interesting and amusing. In April we had an informative discussion with our Area rep. Neil Lewis, who gave us an insight into the Club's management whilst Dennis Beale gave an outline of legislation. Brian Smith is masterminding the technology, and he will assist you to join, using your computer (if fitted with camera and microphone).

We are hoping to resume normal club nights at the Cricket Club from 27th May. The National Way Point Rally will be an interesting feature for 2021 and we have contributed Points in our area.

It has not been possible to organise the Quaker Run this May due to lockdown. We are hoping to arrange socially distanced runs once venues open.
